EXTEND YOUR CLEANING PERFORMANCE

COILPRO® ACCESSORIES

90° WANDS

This ultra-thin wand can slip between the fan guard grating of condenser units seamlessly, thus facilitating thorough cleaning of coils from the inside without having to remove the top of the unit.

Spraying the coils in this direction, opposite to normal air flow, provides for a more thorough cleaning of the unit.

COILSHINE®-T

COILSHINE®-T-BIO

COILSHINE®

If you are looking for a coil cleaner that is easy on you and still capable of cleaning the greasiest and dirtiest coils, CoilShine is what you need. It is an environmentally friendly, biodegradable, expanding foam detergent specifically designed for use with all CoilPro units.

This unique solution penetrates deep into coil beds for thorough cleaning. It is user-friendly, non-acidic, and non-fuming, allowing it to be used in occupied areas and safely washed down drains.

COILSHINE-1: Coil cleaning solution, 1 gallon bottle.....

COILSHINE: Coil Cleaning Solution, case of four 1 gallon bottles

COILSHINE-5: Coil Cleaning Solution, 5 gallon bucket

COILSHINE-55: Coil Cleaning Solution, 55 gallon drum.....

COILSHINE-T & COILSHINE-T-BIO

CoilShine-T is a safe yet powerful biodegradable coil cleaner from Goodway. What makes it unique? It comes in tablet form. The cleaner is capable of delivering the capabilities of our CoilShine liquid yet is extremely handy to carry.

These innovative tablets are a fraction of the size and weight of liquids. CoilShine-T will effectively remove foreign particulate and light oils from air cooled condenser coils, evaporator coils, fin-fan coolers and PTAC units. Our CC-200 & CC201-T applicator will liquefy the tablets, allowing the cleaner to penetrate deep into the coils.

COILSHINE-T: Foaming, Alkaline Coil Cleaning Tablet, Package of 12 (Recommended for CC-201T & CC-200).....

COILSHINE-T-BIO: Coil bio-growth treatment, Package of 12 (Recommended for CC-200)

PANCARE BIOCID TABLETS

DRAIN PAN BIOCID TABLETS

HVAC condensate drain pans act as breeding grounds for slime, sludge, and toxic bacteria like Legionella Pneumophila (Legionnaires' Disease). This build-up can not only clog your drain lines resulting in water overflow and damage to the building, but the bacteria can also get circulated in the air, leading to "sick building syndrome" and health problems for the building occupants.

How can you fight this harmful buildup of debris in your drain pans? Use PanCare from Goodway on a regular basis! PanCare is an EPA-registered biocide, formulated to help prevent the buildup of slime and bacteria in HVAC condensate drain pans. It kills 99% of Legionella Pneumophila and Salmonella Typhi Bacteria and contains a rust inhibitor. Each tablet is weighted to prevent floating and will work for up to 3 months, on a 3 to 5-ton or a 45-ton system (depending on tablet) providing a constant release of biocide into the water.

PANCARE-24: PanCare Biocide Tablets for a 3 to 5-ton system, one case (24 tablets)

PAN-CARE-45-6: PanCare Biocide Tablets for a 45-ton system, one case (6 tablets)
